

O.O.D.A. Loop based **Officer Survival**™

Officer Survival through Preparation, Not Paranoia

Our **O.O.D.A. Loop based Officer Survival**™ course is not your typical officer survival class. This class is specifically crafted to help make safer, more effective law enforcement officers by combining up-to-date tactics and training along with an in-depth performance-based understanding of the O.O.D.A. Loop for improved performance in today's most deadly situations for law enforcement. By focusing on how officers perceive and interact with their environments, both mentally and physically, we can reduce the dangers that officers face every day while reducing risks for the communities they serve.

“Absolutely one of the best, if not the best, training classes I have attended as a police officer.”

“This is the most relevant survival training I’ve attended.”

“Best class I ever had; it really saves lives.”

“This is the one class that I truly feel could save the life of an officer. Thank you.”

“Best officer survival class I ever attended.”
