

STREET SURVIVAL® SEMINAR

Today's Tactics for Professional Excellence and Personal Resilience

Hosted by Colorado State Patrol

Located at Colorado State Patrol Academy
15055 S. Golden Road, Golden, CO 80401

April 28-29, 2025 • 8:00 a.m. – 5:00 p.m.

Today's *Street Survival*® Seminar addresses law enforcement as the multi-faceted profession it has become. Rather than limiting our focus to just surviving deadly threats, we also discuss the need to prepare officers for making sound, legal, and reasonable decisions under stress in order to preserve the lives of citizens as well as their own.

Stress in the Moment and Beyond: The foundation of this two-day program is understanding and training realistically for *stress events*. From driving too fast and using unwarranted amounts of force to ineffective communication and the inability to decompress off-duty, the seminar emphasizes the need to understand and manage stress as the key to professional and personal success.

Tactics, Current Events, Video Analysis: Continuing in the tradition that revolutionized law enforcement training four decades ago, today's Street Survival® continues presenting sound tactics while also addressing current events issues impacting the profession through the use of lecture and up-to-date videos of police/citizen interactions.

Communication and Human Behavior: Finally, the seminar emphasizes the need to understand people and communicate effectively as they embrace the role of civilian peace officers. Topics include, but are not limited to:

- Officer Safety: Knowing "The Fatal Four"
- The Science of Force & Stress: The Latest Research
- Avoiding the Avoidable as it Pertains to Force Events
- Roadway Dangers and Responsibilities: Why are Cops Still Dying on Roadways?
- Pre-Attack Signals: What to Look For, Reading Body Language
- Maintaining Personal Control, Deescalating, and Calming the Situation
- Approach Tactics: People, Vehicles & Buildings
- Tactics for Criminal Patrol: Don't Miss the Signs
- 24/7 Survival & Resilience: Emotional and Physical Health
