

STACCATO 2011®

Staccato Instructor Development

Single Action Instructor Course

April 2nd and 3rd, 2026

The Staccato® Instructor Development class offers comprehensive, hands-on instruction designed to train Instructors how to teach Single Action pistol transition classes. This is done by focusing on proficiency through tailored techniques and focused coaching. The course will emphasize understanding the individual student's capabilities and limitations, allowing for targeted development in both fundamental and advanced skills. Through various drill and exercises, students will receive instructional design principles and practice through hands on activities, peer teaching and performance based instruction. The curriculum is structured to build a solid foundation while identifying areas for growth, fostering a deeper awareness of personal performance under varied conditions.
